On the Web: www.WellsNatureView.com

Our homes were designed by Mike and Judy Wells to provide a warm, homey environment, not requiring skilled nursing care for senior citizens. The Wells family and their caring staffs' main goal is to provide the type of care in a warm, home-like setting that our elderly so much deserve in their golden years.

Our homes are each licensed Class C Unrestricted, which means we are able to provide extended care services as well as accommodate wheelchair bound residents.

The homes each have a large living room with a two-way fireplace that also warms the library-sitting room. Delicious home cooked meals will be served family style in the bright country style dining rooms. The sun-rooms provide hours of enjoyment with the outside bird and flower gardens, as well as a delightful room for family visits and get together's.

Each resident has a spacious private room (14x17) with a private half bathroom. Each bedroom/bathroom is equipped with call lights for the residents requiring immediate assistance from our caring staff. Also the bedrooms have individual heat/AC controls. All rooms have cable T.V. hook-ups. At the Adams facility, there are two larger bedrooms (17x20) designed for husband and wife occupancy or two residents of the same gender. The homes each have two large handicap bath/shower rooms. There is also a beauty salon/barbershop area for the residents use.

All housekeeping, linens and laundry services are provided. 24 hour caring staff provides all the TLC and care the resident may need. Medical transportation will be arranged for residents who have Doctor Appointments or Dental Appointments. We have a Registered Nurse who supervises diabetic training for our staff and the observation and recording of reactions to medications. All medications will be supervised and dispensed accordingly to physician orders.

Activities and outings (indoor and outdoor) will be coordinated accordingly to residents' capabilities and individual interests.

For more information, or to have a room reserved, for you or your loved one, please contact one of our Administrators. Feel free to stop in any time for a personal tour.
